TRANSLATION PROCESS

TRANSTEC is known for its three-Step Translation Process. Many times, when clients contact us to request quotation for a translation projects, they are amazed by our translation process including our Quality Guaran-tee Procedure.

During a normal translation process, the translator translates a file, after which an editor then evaluates the translation and makes necessary corrections if required. In a more vigorous translation process, the translation is subject to reviser and then to a reviewer to have a tripartite focus on the document to confirms that there are no differences between both documents.

Therefore, **TRANSTEC** translation process allows translators to efficiently work more and help clients with all translation projects. Using this process, we can provide more accurat translation jobs faster and at affordable rate.

SKILLS AND CAPACITIES

Human resources are the critical factor in the success of any business, enterprise, trade or project.

TRANSTEC believes in the modern principles of human resource recruitment, in-assessment of human resources on periodic basis to maximize utilization of skills and capacities of the staff in accordance with their growing skills and knowledge.

TRANSTEC or exceptional translation tasks, and can provide high quality service in less time and cost due to the cooperative, vibrant and professional staff working around the clock to satisfy work on clients/requirements, having in mind an objective of best performance
